Membership Agreement

Your signed Membership form and payment of the annual fee constitute your agreement with the Objects (aims) of Bundanoon Men's Shed Incorporated and that you agree to abide by its Rules, Code of Conduct and Constitution.

Privacy

Some of the information collected such as name and address are basic requirements required for our records.

You may wish other information, such as address, partner's name, email address or phone number not to appear on the list displayed on our noticeboard. There is a "Not for Publication" (NFP) column on the Membership form so you may nominate which information is to be accessible ONLY to the Executive Committee. You may leave some items blank if you wish.

All correspondence from the Committee will use the BCC protocol so only the sender's email address will appear. If you choose to have your email address "NFP", this means that you will receive BMS emails but your email address will not be revealed to other recipients.

Membership Fee

The membership fee this year is \$60, of which \$31 covers the Shed's insurance.

Financial circumstances are never a barrier to BMS membership. If you are experiencing financial difficulties, you are encouraged to approach one of the Committee to discuss an appropriate reduction or waiver of the fee. In some cases, the Committee may, without having been approached, determine that an individual not be charged any fee, for example a member with an illness or incapacity to regularly attend such as a nursing home resident. In such circumstances, full membership rights remain.

Once again this year, there is the opportunity for members to make a donation in addition to the membership fee. Donations will remain anonymous.

Medical Information

There is an option to note the name and contact details of your doctor and next of kin and medical details such as *allergies certain problems such as angina, heart rhythm disorders, high or low blood pressure, diabetes, especially if insulin is being used, fits/epilepsy, vertigo or tendency to falls.*

Having this information assists the Shed to inform your doctor or ambulance personnel in cases of emergency at the Shed. Such information will be available to the Supervisor and will be treated confidentially.
